

METAL CUTTING SAW FROM STEELMAX®

S14 METAL CUTTING SAW

14" BLADE DIAMETER WITH HEAVY DUTY ALUMINUM BASE

Pick up a Steelmax saw this morning, and it can pay for itself by the end of the day.

When a saw is engineered to work as efficiently as the Steelmax S14, your purchase pays immediate dividends. With its precise, fast, clean, burr-free, cool-to-touch cutting, further processing is eliminated, saving you expensive de-burring and further machining. Only Steelmax has a “quick-pipe clamp” built onto its base that allows the S14 to securely hold round material, pipe and tubing so it doesn’t come loose or turn when being cut – which could damage the material or blade. A heavy duty aluminum base reduces vibration to extend blade life and provide more precise cutting.

FEATURES

- Mitering capability up to 45°
- Powerful 15 amp, 1750W motor
- 1450 rotations per minute
- Stable Aluminum base
- Quick adjustment vise with innovative quick-pipe clamp
- Includes hearing and eye protection, and extra set of carbon brushes
- Pipe capacity up to 4-3/4"
- 1" Arbor Bore, chip collection tray
- Includes a 14" laser cut TCT mild steel cutting blade
- UL 745 certified

Steelmax S14 Technical Specifications	
Cutting capacity 1" solid	4-3/4" profile
Weight	59 lbs
Blade diameter	14"
Arbor	1"
RPM	1450
Beveling/Mitering	Mitering/45°
Motor	120V / 1750W 2.3 HP
Depth adjustment	2-position vice
Chip tray	Slide out
Applications	Pipe, plate, channel, conduit, angle iron, metal studs, rebar, tubing, etc.
Part number	SM-S14-C (120V/60Hz)
